SUBJECT:

DOCKET NO. 2005-115-C – BellSouth Telecommunications, Inc. – Petition for Review of NXX Code Denial in the Greenville Rate Center. Discuss with the Commission a Petition for Review of NXX Code Denial in the Greenville Rate Center filed by Patrick W. Turner, Esquire, on behalf of BellSouth Telecommunications, Inc.

COMMISSION ACTION:

Although BellSouth does not meet the FCC's requirement of Six Months to Exhaust for awarding new numbering resources in a rate center, it does meet the 75% utilization threshold. Additionally, "the FCC has determined that states may grant relief if 'a carrier demonstrates that it has received a customer request for resources in a given rate center that it cannot meet with its current inventory.'"

BellSouth has presented a bona fide request from the Greenville Hospital System for a new NXX in the Greenville Rate Center and thus meets the FCC's requirements for new numbering resources.

Therefore, I move that this Commission:

1. Reverse the decision of the North American Numbering Plan Administrator (NANPA) to deny additional numbering resources;
2. Direct the NANPA to provide an NXX for the Greenville, South Carolina Rate Center; and
3. Grant this relief as soon as possible.
